STATEMENT

OF THE

Terms of Admission, Course of Study, &c.

For admission into the Freshman Class, candidates are examined in Latin Grammar, Cicero's Select Oration's, Virgil, Sallust, Greek Grammar, Xenophon's Anabasis, five Books, and Homer's Iliad, two Books, or an equivalent, Latin Prosody, Writing Latin, Geography, Arithmetic, and the Elements of Algebra.

To insure a correct pronunciation of Latin, candidates should early be made familiar with the rules contained under the article "*Orthoepy*," in the grammar. A particular attention to Latin Prosody and Scanning, in connection with the study of Virgil, is regarded as important. Acquaintance with some author, as Krebs or Arnold, on Latin Composition is also especially desirable.

Students may be admitted to an advanced standing, provided that in addition to the requisites for admission to the Freshman Class, they are found, on examination, thoroughly acquainted with the several studies of the class which they propose to join. Candidates for such standing should, however, be informed that in consequence of the thorough discipline of the first College year, and the exactness of knowledge which is required of classes, no one can hope, if admitted, to maintain a respectable standing, unless he comes with a high degree of previous preparation. Indeed, it is highly important to the unity and completeness of a

public education that the students should enter College at the commencement of the course. The disadvantages incurred by those who postpone an entrance to a later period are much more serious than is commonly supposed.

Every student admitted to an advanced standing, (with the exception of those who come from other Colleges,) is required to pay a fee of $5,00 if he enters after the expiration of the fall term of the Freshman year; and of $10,00 if after the expiration of the fall term of the Sophomore year.

All candidates for admission to this College, must bring a certificate of good moral character; and, if from another College, of their regular dismission and good standing. When a young man has been examined and admitted to College, he is required to attend the prescribed exercises, and is subject to the laws of the Institution.

DECLAMATION AND COMPOSITION.

The classes speak by divisions in the Chapel on Wednesday afternoon, for which exercise the members of the three upper classes are required to prepare original pieces. In all cases, those who are to speak in the Chapel are prepared for the exercise by previous rehearsal before the Professor of Rhetoric.

Written translations from Latin and Greek into English are required of the Freshman Class every other week, until the close of the spring term. From that time, English Compositions are read once a week through the course.

RECORD OF MERIT.

A class book is kept by each instructor, in which the

character of each student's recitation is noted by numbers, and all absences from College exercises are minuted. Demerit for absences and other irregularities is also marked in like manner, and made the basis of discipline. At the close of each term, the average of these marks is recorded, and, when desired, communicated to parents and guardians.

EXAMINATIONS.

At the close of the fall term, there is a public examination of all the classes, in the studies pursued during the term. At the close of the collegiate year, the Senior class is examined in the studies of the year, and the other classes are examined in all the departments of study to which they have attended respectively. This examination is protracted and severe, and is conducted in the presence of a committee of gentlemen appointed for the purpose, who make a report to the corporation, respecting the proficiency and deportment of the students.

PUBLIC PERFORMANCES.

Commencement is held on the second Wednesday in August. The exercises in Elocutiou for the Parkerian Premiums are on the preceding evening.

On the day before Commencement, orations are delivered before the Alumni and several societies in the College, by gentlemen invited from abroad.

There is an Exhibition of the Junior Class at the close of the spring term.

CABINET AND LIBRARIES.

The Cabinet is designed chiefly for the benefit of the classes in Natural History, but it is accessible to all the students. It contains two thousand seven hundred specimens in Zoology; four hundred in Botany; fifteen hun-

dred specimens in Mineralogy; seventeen hundred and fifty in Geology; one thousand of which, presented by the State, are separately arranged.

These specimens are all arranged under their respective classes, and conspicuously labelled. Valuable accessions have been received from some of the ALUMNI, and the aid of others is requested.

Besides the College Library, the institution contains valuable Libraries belonging to the Philomathesian ond Philadelphian Societies. All these are opened weekly, on Wednesday, and are accessible to the students.

BENEFICENT FUNDS.

The College is possessed of funds to the amount of four thousand dollars, the interest of which, as directed by the donors, is applied to the assistance of meritorious students.

The income of the Warren Fund is distributed in sums of from *ten* to *thirty* dollars, to members of College, who are qualifying themselves for the Gospel Ministry, and whose attainments, deportment and circumstances, in the opinion of the Faculty, render them worthy of the appropriation.

The income of the Literary Fund is awarded in sums of from *ten* to *twenty-five* dollars, to three or four members of College, whose scholarship and fidelity in the discharge of their duties may entitle them to such a distinction.

The avails of the Parkerian Funds are expended in Premiums awarded to one or two individuals in each of the three lower classes, selected from those who speak in public the evening before Commencement.

EXPENSES.

The following statement embraces the principal expenses for each year, viz.:

Tuition, $7 per term, - - - - - - - - - $21,00

Room Rent, (if two occupy a room,) $2, - -	6,00
Use of Library, Repairs, Sweeping, &c., $2, -	6,00
Board in respectable families may be had for $1,50 per week, amounting to about - - -	57,00
	$90,00

A number of the students associated in a club, obtain board at cost, which is generally less than a dollar per week.

Juniors and Seniors are charged with a fee of sixty-seven cents a term, to defray the expenses of the Laboratory and Cabinet.

PAYMENT OF BILLS.

At the close of each Term, bills are made out and put into the hands of the Treasurer for collection. If, in any case, payment is not made immediately, interest is required. And if any student suffers two bills to remain unpaid without giving a satisfactory reason to the Treasurer, it becomes his duty to report the delinquency to the Faculty, and if upon inquiry such delinquent student fails to give a satisfactory reason for this neglect of payment, it becomes the duty of the Faculty to write to his parent or guardian, or deprive him of the privileges of the Institution.

To prevent any unnecessary expenses, as well as for other important purposes, it is recommended to parents to place their sons, especially if young, under the patronage of some gentleman in Middlebury, who will attend to the appropriation of their money, and the payment of their bills.
